

Program Learning Resources

Mechanism for providing and quality assurance of learning resources (textbooks, references and other resource materials, including electronic and web-based resources, etc.)

- There is a yearly request of the learning resources need in this program, where the instructors can request the books for courses they teach.
- The University is part of the Saudi digital library.
- The college has its library filled with all fields of knowledge.
- There is a survey that is conducted yearly for the students and teaching staff to get the evaluation and level of satisfaction of learning resources.
- Faculties are encouraged to use interactive tool (Black Board) and upload course materials in order to provide ease access for the students.

Processes followed for textbook acquisition and approval:

- The Textbook & Purchase Committee in the PSAU plays a pivotal role in acquiring learning resources and provides the mechanism to ensure the regular faculty input regarding the availability of the learning materials such as textbooks and reference materials for learning and teaching and also to ensure the adequacy of the learning materials for the end-users.

Processes that are followed by faculty and teaching staff for evaluating the adequacy of textbooks, reference and other resource provisions:

- A textbook evaluation form is used by the end of each year. In this form, the instructor has to give the percentage representing his opinion about the textbook(s) he is using in his course

Processes that are followed by students for evaluating the adequacy of textbooks, reference and other resource provisions:

- The students assess the adequacy of textbooks, reference and other learning resources through university course online survey for courses which they enrolled in. More specifically, the students give their opinions if textbooks and references:
 1. Are consistent with the objectives and outcomes of the course.
 2. Are well organized.
 3. Contain the appropriate graphical representation.
 4. Are available in the library of the College.
- Apart from this survey one more faculty and student unified survey is conducted online to evaluate the adequacy of textbooks, reference and other learning resources needed by both the faculty and students.
